Concurrent Sessions

Concurrent session topics are the same for both sessions. Session and location details are below.

Time	Session Description	Room
Session 1 (10:00-10:50)	Accessibility Services overview <i>Presenter:</i> Elizabeth NeSmith	ES 111
Session 2 (11:00-11:50)	Accessibility Services supports our students with special learning needs by providing accommodations to help them be successful in their courses. The department also provides support to faculty if they need assistance learning about the best way to help students. Come learn more about how Accessibility Services can help you and your students be successful this semester.	
Session 1 (10:00-10:50)	The “hidden” curriculum <i>Presenter:</i> Melissa McAllister	ES 113
Session 2 (11:00-11:50)	Students enter college expecting to be challenged in the subjects of the courses they enroll in; however, many are also challenged by the “hidden” curriculum of college – those rules and expectations for being successful in a class and in their navigation of college processes. This session will explore the “hidden” curriculum and offer suggestions to help students uncover the “hidden” curriculum so they can be successful in their course(s) curriculum.	
Session 1 (10:00-10:50)	Getting started with AI <i>Presenter:</i> Gene Lloyd	ES 218
Session 2 (11:00-11:50)	This introductory session will provide a brief overview of generative AI followed by opportunities to practice using free AI tools; it is ideal for people who are curious about AI but don’t quite know where to begin.	
Session 1 (10:00-10:50)	MyCourses & Simple Syllabus support <i>Presenter:</i> Tiffany Cantrell	ES 220
Session 2 (11:00-11:50)	Need help setting up your MyCourses shell or Simple Syllabus? In this session, you will have the opportunity to work with a member of the MyCourses For Faculty team on your course shell(s) and/or Simple Syllabus for the upcoming semester.
